

# Service Options for LUCAS<sup>®</sup> 3 Chest Compression System

At Physio-Control, we understand that in the fast-paced, harsh environments of emergency medicine, it is critical that every lifesaving device works when you need it and does what it is supposed to do. But your profession is dedicated to saving lives, not maintaining equipment.

With a service plan from Physio-Control, you are free to focus on your mission while relying on us to help to ensure the integrity of your lifesaving tools.

We are committed to helping customers maximize uptime and minimize risk exposure.

Physio-Control offers several Technical Service Support Agreement options for your LUCAS 3 Chest Compression System, including:

- Telephone support
- On-site or Ship-in service
- Exact replacement loaner devices
- Discounts on upgrades, updates and disposables
- Access to special "Service Customer Only" promotions
- Proactive battery replacements
- Parts and labor coverage
- Annual preventative maintenance
- Fixed maintenance costs

**Physio-Control is now part of Stryker**
